

GREAT NEWS:

You could be paying less for your Rx.

With the new Savings Advisor tool

Having access to high-quality, affordable care is important to you and your family – and it's just as important to us. Your Rx plan is working to make sure your medications are as affordable as possible. And we continue to do all we can to find more ways to help lower your out-of-pocket costs.

So, we're letting you know about Savings Advisor, a new tool on Caremark.com that may help you save on the medications you need to stay on track.

HOW IT WORKS: (hint: It's as easy as 1-2-3)

- 1. You'll get an email from CVS Caremark®** to alert you when savings are available.
If you currently spend \$15 (or more) for your Rx and have the chance to save \$10 (or more), we'll let you know.
- 2. Click on the link provided.** Then sign in to your Caremark.com account to view your list of savings opportunities.
This includes options like starting Rx delivery by mail, switching to a 90-day supply or changing to a lower-cost alternative medication.
- 3. Share saving options with your doctor.** For help deciding what works best for you.
*For savings related to starting Rx delivery by mail, simply click "Add to Cart," and we'll take care of the rest.**

Don't have a Caremark.com account yet? No problem, register right now at **Caremark.com** and we'll let you know when you have a chance to save.

*Not all clients allow their plan members to request a new prescription on Caremark.com. We will only enable this capability for eligible members.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle your private health information.
